Beaulieu Events Health & Safety Declaration

PLEASE COMPLETE AND TAKE A COPY FOR YOUR RECORDS

Traders and exhibitors wishing to attend a Beaulieu Event are required to complete the Health & Safety documentation.

It is a requirement for all exhibitors to carry out an assessment of risks that are created as a result of their activities which could affect the health and safety of themselves, their employees and anyone else (such as contractors, helpers and members of the public etc).

Any marquee or similar structure must conform to the Construction (Design and Management) Regulations 2015.

The risk assessment should take account of significant risks that are created **during event set up, the duration of the event and any activities during event break down.**

When completing your assessment remember:

- A hazard is anything that may cause harm, e.g. objects left in walkways, trailing cables, the layout of your display.
- The risk is the chance that someone may be harmed by these or any other hazards.

You should complete a risk assessment that details the significant risks posed by your operations covering set-up, the event and closure. The onus is on you to ensure suitable and sufficient controls are implemented to reduce those risks. You will need to have this assessment available on your stand throughout the duration of the event.

If an accident or incident occurs, the Investigating Authorities will ask to see evidence of a risk assessment, to satisfy themselves that the person(s) responsible have taken all reasonable measures to control these hazards and risks.

To help you we have prepared the checklist below. Although not exhaustive, it outlines some of the more common hazards. Please indicate those issues that are applicable to your stand.
