

**LAND ROVER EXPERIENCE WEST COUNTRY
&
BEAULIEU ENTERPRISES LTD**

GENERAL CONDITIONS FOR BEAULIEU SELF DRIVE TRACK

- 4x4 Land Rover vehicles will be required – the terrain to negotiate is not hazardous and there are at least two Land Rover Experience Instructors per convoy to assist. However, driver-error may lead to vehicle or tyre damage. Land Rover Experience West Country and the relevant Land Owners accept no liability for damage to vehicles.
- **Please check that your vehicle insurance covers social, domestic and pleasure purposes and that you, your vehicle and third parties are covered for a guided, non-competitive off-road trip on privately owned estate land, under complete supervision.**
- Guests should arrive with a minimum of ¾ tank of fuel; road-worthy and road-legal vehicle; spare wheel & security locking key, insurance, suitable clothing and child seats (if required).
- Drivers will be asked to sign a standard disclaimer at the start of the day – especially relevant for guests that are in their own vehicle and must accept risks there for.
- Access to all areas on offer is exclusive to those clients on the day and drivers are obviously expected to follow Instructor advice, particularly in respect of speed and the environmental situation.
- All tickets have to be pre-booked through Beaulieu Enterprises Ltd and therefore accept their terms and conditions.
- Booking is strictly first come first reserved, as there will be a maximum number of vehicles permitted per convoy on the day.
- **The terrain should be suitable and non-hazardous for all 4x4 Land Rover vehicles, but if in doubt, please ask at the time of booking.... the only inhibiting factor maybe the ground clearance of your vehicle.**
- Please consider the following points when participating in this activity.
 - **Driver error may lead to vehicle or tyre damage.**
 - **Be aware that any added vehicle accessories or modifications to your vehicle may affect its off road suitability and clearance(s). Such items may include Roof Racks, Roof Tents, Lifting Equipment, Additional Lights, Bumpers, Tow Bars, Suspension and Bodywork alterations etc.**
