Beaulieu Events Health & Safety Declaration PLEASE COMPLETE AND TAKE A COPY FOR YOUR RECORDS

Traders and exhibitors wishing to attend a Beaulieu Event are required to complete the Health & Safety documentation.

It is a requirement for all exhibitors to carry out an assessment of risks that are created as a result of their activities which could affect the health and safety of themselves, their employees and anyone else (such as contractors, helpers and members of the public etc).

Any marquee or similar structure must conform to the Construction (Design and Management) Regulations 2015

The risk assessment should take account of significant risks that are created during event set up, the duration of the event and any activities during event break down.

When completing your assessment remember:

• A hazard is anything that may cause harm, e.g. objects left in walkways, trailing cables, the layout of your display.

• The risk is the chance that someone may be harmed by these or any other hazards.

You should complete a risk assessment that details the significant risks posed by your operations covering set-up, the event and closure. The onus is on you to ensure suitable and sufficient controls are implemented to reduce those risks. You will need to have this assessment available on your stand throughout the duration of the event.

If an accident or incident occurs, the Investigating Authorities will ask to see evidence of a risk assessment, to satisfy themselves that the person(s) responsible have taken all reasonable measures to control these hazards and risks.

To help you we have prepared the checklist below. Although not exhaustive, it outlines some of the more common hazards. Please indicate those issues that are applicable to your stand.

Identify potential hazards which could harm exhibitors/visitors/Beaulieu staff/contractors

Slips / Trips on:	Items protruding into gangways Power cables crossing gangways	Other Hazards	Carrying heavy objects Power cables	
Electrical:	Power cables Power tools Overloading Generators	Other:	Coverings becoming loose Chemicals Sharp objects Heating / cooking equipment	
Adverse Weather:	Gazebos, plastic coverings etc flying off in the wind	(please state)		لــا
Unloading / Loading:	Objects falling from heights Objects falling from vehicles			
-	our responsibility to ensure suita of the precautions which you will		ntrols are implemented to reduce those ris	KS.
		 piece :		

All items kept within allocated space	Generators placed safely away from other displays,	
Stand coverings fixed securely & within stand space	exhibitors and walls of marquees	
All cables safely located	Lighting/heating/cooking placed safely	
Extra fixings in windy conditions	Careful positioning of vehicles facing down the gradient (for safe unloading)	
Heavy items secured	gradient (for sale difidading)	

Other: (please state):

Additional Safety Measures: Any business operating is required to put measures in place that prevent the spread of infection amongst staff, volunteers and customers. You should factor in safety measures to your risk assessment and adhere to any Government guidance in place at the time of the event. You will need to have this risk assessment available on your stand for the duration of the event.
