WELCOME TO BEAULIEU

Beaulieu is best known as the home of the National Motor Museum which contains over 285 historic and modern vehicles, but we have much else to interest and entertain our guests. First of these is the Montagu family home, Palace House, in which the history of the estate is told, going back to 1538. For those who haven't visited more recently, there are additional rooms to see including my late father's library, the Victorian Kitchen and an exhibition on the artwork of my late mother. Stepping further back in time, you can explore the ruins of Beaulieu Abbey and learn more about the Royal foundation in our Abbey exhibition. But that's not all, there are the gardens to explore or view from the Monorail, an exhibition of Beaulieu's role in training secret agents during WWII and, if you haven't seen enough cars in the Motor Museum, the World of Top Gear. It's a complete day out which I hope you'll enjoy.

Montagu of Beaulieu

NEW FOR 2024

SECRET ARMY EXHIBITION

A new display has opened in the Secret Army Exhibition commemorating two Beaulieu-trained agents who served in France as members of the Special Operations Executive. Francis Suttill (code name 'Prosper') headed the biggest SOE network in France, while Yvonne Rudellat (code name 'Jacqueline') was one of his couriers. The display recounts what happened to them after they finished their training at Beaulieu and were sent into Occupied France to undertake clandestine warfare.

The display was researched and curated by Lady Montagu in close collaboration with surviving relatives of the two agents, and features previously unseen family photos. This is the first display ever specifically devoted to these two agents, and includes two short films examining the personalities and private lives of both individuals, in an effort to show the real people behind the exploits, and the sacrifice they made.

THE BRABAZON RESTAURANT

Step into The Brabazon Restaurant, freshly refurbished and ready to host group visitors from Easter 2024. Enhance your experience with our bespoke group catering offering. From coffee and cake, to two course meals, there's something to suit all tastes. Further information can be found inside this brochure.

Plus explore the new In Focus Gallery showcasing special exhibitions of motoring heritage throughout the year.

PALACE HOUSE

Home of the Montagu family since 1538, Palace House was built around the Great Gatehouse of Beaulieu Abbey. Explore this fantastic Gothic styled Victorian country home as costumed guides give you a flavour of life 'below stairs' and share with you the fascinating history of the house and the generations who have lived there.

BEAULIEU ABBEY AND EXHIBITION

This once thriving Cistercian Abbey was destroyed on the orders of King Henry VIII in 1538 having been founded by King John three centuries before. The conserved ruins of this once vast medieval Abbey include an exhibition on its history and the monks who once lived and worked here.

WORLD OF TOP GEAR

The World of Top Gear features vehicles from every era of the BBC *Top Gear* challenges, including old favourites like the Reliant Robin Space Shuttle, as well as exhibits from filming with Paddy McGuinness, Chris Harris and Freddie Flintoff.

GROUNDS AND GARDENS

The Victorian Kitchen Garden still supplies the house with seasonal vegetables and in spring the Wilderness Garden is carpeted with a colourful mass of snowdrops, crocuses, daffodils and bluebells.

SECRET ARMY EXHIBITION

Uncover Beaulieu's World War Two history as a top secret 'finishing school' for members of the Special Operations Executive, where hundreds of agents completed their training before embarking on dangerous missions in enemy territory. Plus see a newly opened display curated by Lady Montagu in close collaboration with surviving relatives of the two agents, and features previously unseen family photos.

BUCKLER'S HARD

Group Visit Guide 2024

*Where time flows
differently*

HISTORIC RIVERSIDE VILLAGE

bucklershard.co.uk/groups
New Forest | Hampshire

Welcome to Buckler's Hard

Buckler's Hard is a village on the banks of the Beaulieu River, midway between Beaulieu and the Solent. It was originally planned as a sugar port in the 1720s but actually flourished as a naval shipbuilding centre, providing ships for Nelson's victory at Trafalgar. After 100 years as a shipyard, the village became a sleepy backwater until its charms were discovered by Edwardian tourists. Despite the interruption of two World Wars, in which the river played its part, tourism gave Buckler's Hard a new lease of life. Today, the Museum along with historic cottage displays tell the history of the village from its earliest days to the present time. I hope you enjoy your visit here.

Montagu of Beaulieu

The Village

Take time to amble down the high street and watch the boats sailing by on the Beaulieu River, one of the few privately owned estuaries in the world. Relax by the banks of the river which has been carefully conserved for over four centuries and is rich with wildlife and take a stroll past the orchard, where apple trees are in full blossom in the spring. The fruit is picked each autumn and used with apples from other orchards on the Beaulieu Estate to make Beaulieu Apple Juice.

If you're keen to learn more about the heritage of Buckler's Hard, you can discover the history of the village in the Museum and Visitor Centre or catch a river cruise (Easter - October) along the Beaulieu River.

The Shipwright's Cottage

Step through the door of the reconstructed Shipwright's Cottage to be transported back in time to the 18th century.

St Mary's Chapel

Once a residence and then the village school, a sign and statue provide clues to what really lies behind the door of this Chapel.

Visitor Centre and Museum

Discover the history of this unique 18th century shipbuilding village in the Museum.

Originally founded as a free port for the trading of sugar, Buckler's Hard actually flourished as a naval shipbuilding centre and has become famous for building warships for Nelson's Navy, including three vessels that took part in the Battle of Trafalgar.

For a small charge visit the Museum at the Visitor Centre to discover the fascinating story of the village, its residents, and the ships they built.

Entry prices for the Museum can be found on the [Helpful Information page](#).

The War Effort

Learn about activity on the river during WWII, including the important role Buckler's Hard played in the D-Day landings. Be sure to check out a film presentation to discover the story of Buckler's Hard at war.

Embark on a journey through maritime history and explore the rich heritage that has shaped this historic village. Your expert guide will lead you down the village high street, sharing tales of shipbuilding, naval prowess, and the lives of those who called Buckler's Hard home.

Discover the art of shipbuilding that fuelled the Royal Navy during the 18th and 19th centuries, as you explore the preserved shipwright's cottage and the master shipbuilder's house. The tour also includes a visit to the Museum, where artifacts, interactive exhibits, and engaging displays bring to life the stories of sailors, merchants, and shipbuilders.
